Closing date: 31 Mar 2021

Traineeship details

This Traineeship work experience is part of an education and training programme that is focused on giving young people the skills and experience that employers are looking for. At its core is the Work Preparation training, English and maths for those who need it, and a high-quality work experience placement.

Traineeships help unlock your great potential and give you the work preparation training, maths, English, Digital Skills and work experience needed to get an Apprenticeship or other job.

This Traineeship Opportunity is unwaged.

Are you eligible?

1. Are you currently not in a job? Do you have little or no work experience?
2. Are you aged 16 to 24 and qualified below Level 4 (A level)?

Students will be mentored to learn the tasks of a warehouse operative, tasks will include (but will not be limited to):

- Packaging parcels of resin products for dispatch
- Preparing resin products for dispatch by containerising

Training to be provided

This Traineeship opportunity includes work preparation training, functional skills maths and English support for those who require it and a high-quality work experience placement.

You will gain work experience and get on the job training to develop in this role and hopefully progress on to the apprenticeship.

The traineeship programme includes:

- A mentored work experience placement to learn the warehouse operative role at Jenflow Systems
- An employability programme, maths and English are provided by Juniper Training
